2014 BIENNIAL MEETING
ORLANDO • FLORIDA

Promoting Food Safety Through Collaboration

The Conference for Food Protection

BuenaVista Palace
Hotel & Spa
Message from your Conference Chair

It is my great pleasure to welcome you to the 2014 biennial meeting in Orlando! Food safety professionals from across the country have registered to attend and participate in the biennial meeting and everyone has an important role to play.

The Executive staff, Executive Board, and the Local Arrangements Committee have been working hard to make your time in Orlando productive and enjoyable. The Conference begins on Saturday with an outstanding education workshop: Regulations, Scientific Issues, and Food Safety Impacts to Seafood. Council sessions begin on Sunday and continue through Tuesday to deliberate 92 issues that were submitted. And, finally the Assembly of Delegates will convene on Wednesday morning. This is a process that has proven effective for over forty years. There is no doubt that important work is accomplished at the Conference; the partnership and consensus building that occurs here is essential to the success of our national food safety efforts.

I hope that you’ll also be able to take some time during the meeting to experience the hospitality of the Local Arrangements volunteers and explore the many opportunities that the Orlando area has to offer. Whether your interests include world-class amusement parks, sandy beaches, shopping, or golf, there are plenty of options from which to choose.

Many individuals have worked hard and contributed to the 2014 biennial meeting. I would especially like to thank the executive staff and executive board, as well as the individuals who have taken the time to submit issues, serve as Council Chairs, Vice Chairs, members, and voting delegates. The ongoing commitment and voluntary participation of all of you is crucial for the continuing success of CFP. Thank you for your efforts and enjoy the meeting!

Lori LeMaster, Chair
Conference for Food Protection

Message from your Executive Director

Welcome to the 17th biennial meeting of the Conference for Food Protection. This Conference provides a wonderful and unique venue for promoting food safety and creating mutual trust and respect among the stakeholder groups that comprise the membership of our organization.

It’s my great pleasure to serve as your Executive Director. I’m grateful for the support of your Executive Board, whose dedication to the success of the Conference is limitless. My sincere thanks go to Jeff Lineberry whose guidance and assistance have been invaluable during this past 18 months.

Lisa Wright will be retiring in June as the Executive Assistant to the Director. Lisa has been a wonderful resource to three Executive Directors – Trevor Hayes, Jeff Lineberry and me. She has devoted countless hours over the last 12 years working on the website, membership rolls, and other administrative duties. I’m grateful for her patience and wise counsel, and she will be missed.

Your Local Arrangements Committee has put together a fantastic team of volunteers to give you a true sense of Florida hospitality. It has been my pleasure to work with this dedicated and capable group of people. Please thank them, as I do, for their work on behalf of the Conference.

Finally, please thank the generous sponsors who support our Conference and make it possible to carry out the important work that takes place during and between the Biennial Meetings. Their outstanding support is a tribute to their commitment to food safety. Once again, our largest single contributor is the U.S. Food and Drug Administration which has supported the meeting with a grant to subsidize travel expenses for regulatory members. The Agency’s continued support is greatly appreciated. Have a great meeting, work hard, have fun, and be productive!

Dave McSwane, Executive Director
Conference for Food Protection
Eric Pippert, Executive Treasurer

A native of Sheboygan Wisconsin, I’ve lived in Oregon for 36 years. I graduated from the University of Southern Maine in 1977 and a few months later I headed west. I worked in environmental health programs for the state and counties since 1983 and in 1997 became the manager for the foodborne illness prevention program in Oregon. I attended my first CFP biennial meeting in Boston in 1998. I have been one of Oregon’s two State Delegates until 2009 when I became Conference for Food Protection Executive Treasurer – a position which I currently hold. My wife and I have two daughters. One currently lives in Madrid, Spain and another attends a university in North Carolina. My hobbies include cooking (and eating), bicycling (I’ve ridden numerous century rides), and flyfishing the great rivers of Oregon and the west. Of course, one can’t fish these great rivers without a true love of rafting and camping.

David McSwane, Executive Director

I’m completing my first term as the Executive Director of the Conference for Food Protection. Prior to accepting this position, I was a faculty member at Indiana University (IU) for over 38 years. During my tenure at IU, I was affiliated with the environmental health and public health programs in the School of Medicine, the School of Public and Environmental Affairs, and the Richard M. Fairbanks School of Public Health. I taught courses, conducted research and performed service in Public Health and Environmental Health. Prior to joining the faculty at IU, I worked as the Administrator of a local health department in Bloomington, Indiana and a Sanitarian at the Indiana State Department of Health. Though I’ve been the Executive Director of CFP for only a short time my affiliation with the organization started in 1983. I was a founding member of the Board in 1983 and have served on numerous committees, as a member of Council II, and as a member of the Executive Board over the years. My wife and I have a blended family with 7 children and 7 grandchildren. Our primary residence is in Indiana but we spend winters in Fort Myers, Florida. My hobbies include traveling, reading, playing golf and spending time with the grandchildren.

Aggie Hale, Executive Assistant

I have been involved in one way or another with the Conference for Food Protection since the 1994 Conference when I began working with the Florida Department of Agriculture and Consumer Services. I remember being overwhelmed by all the activity. It was like no other organization with which I was involved. It took me a little while to get my bearings. After 35 1/2 years working in environmental health with the State of Florida, I retired about a year ago. Since my retirement, I have been enjoying my time traveling, visiting with my long-time childhood friends, and visiting my Cuban relatives in Miami where I grew up. Eating all the delicious foods I grew up on, I am now partaking in exercise classes. I have also been enjoying my hobbies, especially painting with watercolors. Lately, I’ve been spending time working with Vicki Everly and Cassandra Mitchell on Conference Issues! Now I feel fortunate to be working with Lisa Wright who is formally passing the Executive Assistant’s torch to me. I can only hope that I can do the job half as well as she has. I am lucky to continue working with the Conference.
I am originally from Massachusetts then had a short stay in Ohio for my M.A. degree in Anthropology. I drove my VW bug into San Diego in 1974 and knew immediately that I would never leave. My involvement with CFP began back in 1994 when I attended my first meeting in San Jose. My real career was with Jack in the Box Restaurants where I served in the Training Department and then managed the Regulatory Affairs function for 2000 restaurants. I retired in 2006 after 29 years with Jack. With CFP, I served on numerous Committees, Council II, the Executive Board, and for the last 12 years, as Executive Assistant.

With CFP, I am most proud of how we have brought the organization into the internet age with online registrations, sponsorships, membership, and other communication and application processes. We also have developed an informative website which is ready for further modernization and development in the years ahead. I know that as I retire from my position with CFP, I leave the organization in the capable hands of your CFP management team: David McSwane, Eric Pippert, and Aggie Hale.

I look forward to full retirement and will continue to be active volunteering with the La Jolla Playhouse, the San Diego Zoo and the Barking Lot Rescue Group. Of course, I will continue my world travels. Next up? Iceland and the Baltics by sea. Finally, I will always value the many friendships I have made with so many of you through the years.

The Conference for Food Protection Website at www.foodprotect.org is a valuable tool for you to become familiar with and visit frequently. It houses all of the governing documents of the Conference, the minutes of each semi-annual Executive Board meeting, position descriptions, CFP policies, the working reports and rosters for all the committees, a detailed analysis of the CFP Process, online forms and templates used by the committees, documents related to each CFP Biennial Meeting, and historical information for the last 7 Biennial Meetings, as well as lots of other information. Whew! USE IT.
**HOW CFP WORKS**

**Mission**
The Conference for Food Protection brings together representatives from the food industry, government, academia, and consumer organizations to identify and address emerging problems of food safety and to formulate recommendations/solutions. The Conference seeks to balance the interests of regulatory and industry stakeholders while providing an open forum for the consideration of ideas from any source.

Though the Conference has no formal regulatory authority, it is a powerful organization that profoundly influences model retail food laws and regulations and guidance documents among government agencies and minimizes disparate interpretations and implementation.

**Objectives**
The Conference for Food Protection promotes food safety and consumer protection through the following:

- Identifying and addressing problems in the production, processing, packaging, distribution, sale, and service of foods;
- Focusing on and facilitating the food protection programs of its constituent members.
- Adopting sound, uniform procedures which will be accepted by food regulatory agencies and industry;
- Promoting mutual respect and trust by establishing a working relationship among governmental agencies, industry, academic institutions, professional associations, and consumer groups concerned with food safety;
- Promoting uniformity among States, territories, and the District of Columbia.
- Utilizing the following as the primary channels for dissemination of Information: USFDA, USCDC and USDA/FSIS.

**CONSENSUS MEETINGS**

Consensus meetings are held throughout the biennial meeting to bring together members from individual constituencies to discuss Issues, select new Board members, and handle any other open business. Please attend only the Consensus meeting specific to your constituency (Regulatory, Industry, etc.). All other CFP meetings are open to any member.

**MEMORANDUM OF UNDERSTANDING**

The Conference for Food Protection is honored to have established Memoranda of Understanding with foremost food safety organizations. These memoranda recognize the value that the Conference for Food Protection has in the food safety arena.

US Food and Drug Administration (US FDA)  
USDA Food Safety and Inspection Service (USDA/FSIS)  
US Centers for Disease Control and Prevention (US CDC)  
Association of Food and Drug Officials (AFDO)
The Conference is overseen by an Executive Board that includes 23 voting members who represent: state food regulatory agencies from each of the FDA regions; local food regulatory agencies from each of the FDA regions; the FDA; USDA/FSIS; US CDC, the food industry; an academic institution; and a consumer. The Board members are elected by CFP members in the same constituency for up to two 6-year terms. In addition, the Board includes non-voting ex officio members as follows: the Chair and Vice-Chair of each of the three Councils; the Program Chair(s); the Issue Chair(s); the Canadian representative; the Past Conference Chair; and the Executive Director, Executive Treasurer, and the Executive Assistant.

LEADERSHIP

Chair – Lori LeMaster, Nashville, TN
Vice-Chair – Donna M. Garren, PhD, McLean, VA

STATE FOOD SAFETY REPRESENTATIVES

Mid-Atlantic – Sheri L. Morris, Harrisburg, PA
Midwest – Lorna Girard, Saint Paul, MN
Northeast – John M. Luker, Albany, NY
Pacific – David Gifford, Olympia, WA
Southeast – Lori LeMaster, Nashville, TN
Southwest – Dean Finkenbinder, Cheyenne, WY

LOCAL FOOD SAFETY REPRESENTATIVES

Mid-Atlantic – Cassandra Mitchell, Fairfax, VA
Midwest – Kelli Whiting, Indianapolis, IN
Northeast – Jessica Fletcher, Uncasville, CT
Pacific – Marlene Gaither, Flagstaff, AZ
Southeast – Bill Hardister, Charlotte, NC
Southwest – Elizabeth Nutt, Tulsa, OK

FEDERAL FOOD SAFETY REPRESENTATIVES

US Food and Drug Administration – Kevin Smith, College Park, MD
US Department of Agriculture, FSIS – John M. Hicks, Beltsville, MD
US Centers for Disease Control and Prevention – Carol Selman, Atlanta, GA
INDUSTRY FOOD SAFETY REPRESENTATIVES

Retail Food – Ken Rosenwinkel, Itasca, IL
Food Service – Becky Stevens-Grobbelaar, Louisville, KY
Food Processing – Michael Roberson, Lakeland, FL
Food Vending and Distribution – Larry Eils, Harvard, IL
At-Large – Donna M. Garren, PhD, McLean, VA
At-Large – Terry Levee, Irvington, NY

ACADEMIA/CONSUMER REPRESENTATIVES

Academia – Julie Albrecht, PhD, Lincoln, NE
Consumer – Sarah A. Klein, Washington, DC

EX-OFFICIO BOARD MEMBERS*

Immediate Past Conference Chair – Sheri L. Morris, Harrisburg, PA
Program Chair – Julie Albrecht, PhD, Lincoln, NE
Constitution, Bylaws and Procedures Committee Chair – Lee Cornman, Tallahassee, FL
Issue Co-Chair – Vicki Everly, Fremont, CA
Issue Co-Chair – Aggie Hale, Tallahassee, FL
Resolutions Chair – Larry Kohl, Salisbury, NC
Strategic Planning Chair – James Mack, Madison, WI
Sponsorship Chair – Greg Orman, Fort Worth, TX
Council I Chair – Brenda Bacon, Matthews, NC
Council I Vice-Chair – Chris Gordon, Richmond, VA
Council II Chair – Patrick Guzzle, Boise, ID
Council II Vice-Chair – Susan Quam, Madison, WI
Council III Chair – David Gifford, Olympia, WA
Council III Vice-Chair – Todd Rossow, Lakeland, FL

ADMINISTRATIVE STAFF

Executive Director – Dr. David McSwane, Martinsville, IN
Executive Treasurer – Eric Pippert, Portland, OR
Outgoing Executive Assistant – Lisa Wright, San Diego, CA
Incoming Executive Assistant – Aggie Hale, Tallahassee, FL

The majority of the work of CFP is done throughout the 2-year period between biennial meetings by committees that have been created to manage the organization (Standing Committees) and to research and complete the work of the Conference (Committees created through Assembly-approved Issues). These committees have been assigned specific objectives by the Assembly or by the Executive Board. They report their activities at each biennial meeting through carefully submitted Issues and make recommendations that are submitted to the Councils and Assembly of State Delegates for their consideration. The Committees that have functioned throughout the 2012-2014 period are listed with their Chair(s):

**Council I Committees**

Plan Review – Liza Frias and Catherine Cummins  
Wild Harvested Mushrooms – Lisa Brown and Chris Gordon  
Meat and Poultry Processing at Retail Food Establishments – Joel Ortiz and Brian Nummer  
Beef Grinding Log Template for Retail Establishments – Rick Barney and Todd Mers

**Council II Committees**

Interdisciplinary Foodborne Illness Training – James Steele and Patricia Welch  
Program Standards – David Lawrence and Bob Roncaglia  
Certification of Food Safety Regulatory Professionals – Susan Kendrick and Ron Grimes  
Standardized Data Collection/Electronic Data Reporting of Inspections – Ann Marie McNamara and Sheri Morris

**Council III Committees**

Hand Hygiene – Michelle Samarya-Timm and Angela Sanchez  
Listeria Retail Guidelines – Dale Grinstead and Haley Oliver  
Emergency Action Plan – Dale Yarnik and DeBrena Hilton  
Time as a Public Health Control – Charles Otto and Sue Vergne

**Standing Committees (Reporting to the Executive Board)**

Audit – Terry Levee  
Constitution & Bylaws/Procedures – Lee Cornman  
Compensation – Larry Eils  
Food Protection Manager Cenication – Jeff Hawley, Chair  
and Christine Hollenbeck, Vice-Chair  
Issue – Vicki Everly and Aggie Hale  
Nominating – Sheri L. Morris  
Program – Julie Albrecht, PhD  
Resolutions – Larry Kohl  
Sponsorship – Greg Orman  
Strategic Planning – James Mack  
Publishing Guidelines – Don Schaffner, PhD  
Executive Assistant Search – Donna Garren, PhD and Terry Levee  
Local Arrangements Committee – Lee Cornman, Michael Roberson,  
and Geoff Luebkemann
**THE ISSUES**

*Issues are the reason the Biennial Meeting takes place.* Most Issues are developed by committees but any interested persons or CFP members are invited to submit Issues on approved online forms and within specified time frames. The Issue Chairs/Issue Reviewers work diligently to ensure that Issues are submitted properly and then assigned to the appropriate Council so that they can be deliberated within the time frame of the biennial meeting.

**THE COUNCILS**

Three Councils are seated at the Biennial Meeting to provide forums for deliberating the Issues that have been assigned to them. Non-voting advisors from the Federal Agencies and a parliamentarian are available to each Council to offer needed advice. Councils deliberate Issues and recommend actions to the Assembly of State Delegates.

**Council I**

endeavor to support

food safety at the

Titanium Level

A Florida Based Company
The Assembly of State Delegates

The Assembly of State Delegates is seated on the morning of the last day of the biennial meeting to vote on the Issues that have been forwarded to them from the Councils. A Delegate is a registrant at a biennial meeting who has been authorized by their State Agencies to represent a State, territory, or District of Columbia food regulatory agency that is responsible for the enforcement of food laws and regulations. Details of the Assembly of State Delegates voting procedures are contained in CFP’s Constitution and Bylaws.

Each State is entitled to one (1) full vote and each territory (American Samoa, Guam, Northern Mariana Islands, Puerto Rico, Trust Territory, U.S. Virgin Islands) and the District of Columbia are entitled to one-half (½) vote in the Assembly. When a State has more than one (1) State regulatory agency enforcing food laws and regulations the vote may be divided into appropriate fractions. State agencies within each State must agree among themselves regarding apportioning the one (1) vote. When a State is represented by only one agency, the State’s delegate may cast a full vote for that State in the Assembly.

Representatives of States with more than one regulatory agency delegate may, during any meeting of the Assembly, reassign their voting privilege to another duly certified delegate from their State by giving written notice of such action to the Conference Chair.

To adopt in the Assembly, a quorum must be present. A quorum is defined as the presence of registered voting delegates from at least two-thirds (2/3) of the States with designated official delegates in attendance at the CFP Biennial Meeting. Each territory and the District of Columbia shall count as one half (½) State in constituting a quorum. To change a procedure adopted at a previous CFP Biennial Meeting or to make a change in the Constitution and Bylaws requires a two-thirds (2/3) majority vote. Other actions require a simple majority unless specifically covered by Robert’s Rules of Order.

Next Steps

Issues that successfully pass through the process at the Biennial Meeting result in Recommendations that are sent to the Federal Agencies for action OR they direct the Conference to extend and/or create committees to deliberate the Recommendations finalized by the Assembly.

Several months after the Biennial Meeting, the Federal Agencies are required to respond by letter to the Chair of CFP to announce what action they will take on the Recommendation(s). In the case of the FDA, any recommendations accepted by the FDA are incorporated into the subsequently-published Food Code.

If the Assembly has voted to approve new or continuing committee objectives, then the Committees are formed or reformed and begin work that will result in Issues that are brought back to the Biennial Meeting held 2 years later. Thus the work of CFP continues.

How do you get involved?

As with any organization, the Conference for Food Protection needs willing volunteers to take on the work. All Committees are populated by CFP members from different constituencies and different geographic regions so that we have the widest input possible. Joining a Committee is a serious business. We have more members than Committee assignments so it is important that you weigh your ability to participate carefully before you volunteer for a CFP Committee. Almost all of the Committee meetings are done by conference call.

You will receive emails this summer asking you to sign up for Committee work, indicate your preferences, and highlight your area of expertise. Be mindful of the deadline and complete your application carefully. Active participation in Committee work gives you an advantage when it is time to select Council Members and to nominate Executive Board members. The more you participate, the more rewards will come from your service.

Visiting the website at www.foodprotect.org will provide you with all the information you need to know to be a valuable member of the Conference for Food Protection!

The next biennial meeting of the Conference for Food Protection will be held at the Boise Centre in Boise, Idaho in 2016. Boise is located in the Pacific Northwest and is convenient from many major airline hubs. The Boise airport is only 10 minutes from downtown, and all Boise area hotels offer FREE airport shuttles.

Urban amenities without the urban hassles – Boise offers a variety of activities for all ages. Enjoy pedestrian-friendly downtown shopping, golfing, and visiting one of several unique museums such as the only Basque Museum in the U.S., the Old Territorial Penitentiary and the Warhawk Air Museum, or walk/bike the 22 mile greenbelt path along the Boise River. Boise’s lifestyle and climate (235 days of sunshine) attract restaurateurs, entrepreneurs and artists from around the world. You will find an abundance of outdoor eateries and pubs. For you, this means all the comforts and quality of a large city, but without the transportation, security issues and other hassles.

Lots to do – Boise keeps you entertained. Whether you’re looking for culture or a western adventure, hiking or history, you’ll find it here. Popular activities include a historic train ride on Thunder Mountain, live theater, live music or comedy clubs, and enjoying many specialty restaurants featuring Idaho grown food and Idaho craft beer and Idaho wine. Visit one of our 32 wineries in the southwest region. If you’re up for a day trip consider destinations such as Yellowstone National Park, Sun Valley, McCall and Payette Lake, or Craters of the Moon National Monument.

Pay a visit to the Saturday Market to purchase local paintings, jewelry, pottery, décor and more, as well as locally grown food and wines. For sports fans, you can experience one of the many sporting events such as a Steelheads Hockey Game or a Stampede Basketball Game – both these teams play in downtown Boise. You may want to take a stroll to Boise State University to see the famous blue field. There is something for everyone in Boise! See you April 16 – 20, 2016!

Excerpts from our Constitution and Bylaws…

The Conference for Food Protection operates as an action organization existing not merely to identify problems and formulate recommendations, but to resolve issues through the implementation of recommendations.

The most important need for an organization of this kind is to have its recommendations respected by the community called upon to implement them. Without the results of our deliberations commanding the highest respect attainable, getting together to identify and study food safety problems will be of little or no value to enough people to support a viable organization.
