Progress report:

- Committee meetings/Conference calls began in March.
- The Committee agreed a standing meeting will be established at 2:30 pm central time on second Thursday of each month.
- The Committee, without dissent, agree to separate the single guidance document into 2 separate guidance documents; 1-Blade Tenderization, 2-Mechanically Enhanced Products
- The Committee also agreed, without dissent, to place the background outbreak information in an appendix.
- The Committee is reviewing BIFSCo guidance on blade tenderization.
- The Committee is also requesting information from FSIS related to approved or accepted interventions in the treatment of sub-primal cuts either pre or post tenderization/enhancement.

Requested Board (or other) actions:

- Approval of committee membership.

Recommendation(s) for future charge:

- None at this time.
