

Conference for Food Protection

Sponsorship Opportunities

For Biennial Meeting

April 2008

The Conference for Food Protection is a unique organization that meets every two years and brings together a wide range of local, state and federal regulatory officials, representatives from the food industry (foodservice, food store and vending), academia and consumer groups. Over the last four meetings, the organization has grown considerably in both visibility and prestige. To assure that the Conference will continue to support itself in the future, the Conference is offering sponsorships to defray the costs.
