Prometric Inc. (PROM)	2021 Year 3
------------------------------	-------------

Electronic Ballots April 2022:

ACAC voted to grant continued accreditation to the following org:

Prometric Inc. (PROM)	2021 Year 3
------------------------------	-------------

Other Highlights:

In light of the experiences from the past year, the ANAB assessor team would like to recommend changes to the CFP standard (e.g., in light of Pandemic challenges/lessons learned). Feedback from the assessors gathered at a January assessors meeting will be used to guide this process.

For example, some requirements might deserve to be revisited such as the requirement to ship the exam booklet within 2 days. In light of the pandemic, this may need to be revisited. The assessors have had to make some common sense decisions that perhaps revisions could account for.

We have three organizations undergoing initial accreditation – see the list here:

- **EduClasses® (DSBWorldWide, Inc.) (EDUC)**
- **AAA Food Safety, LLC (AAA)**
- **Responsible Training / Safeway Certifications, LLC (SWC)**

We also have one organization that will likely begin the process soon. They have met the preliminary requirements for application and have paid the application fee but have not yet submitted the full application:

World Food Safety Organization: Food Protection Leader (FPL)

Respectfully Submitted,

Sheri Morris
