Title:

Report- Demonstration of Knowledge (DoK) Committee

Issue you would like the Conference to consider:

The Conference for Food Protection (CFP) Demonstration of Knowledge Committee seeks Council II's acknowledgment of the committee's final report.

Public Health Significance:

Demonstration of knowledge is identified as one of the five key public health interventions to protect consumer health. The designated person in charge who is knowledgeable about foodborne disease prevention, Hazard Analysis and Critical Control Point (HACCP) principles, and Code requirements is prepared to recognize conditions that may contribute to foodborne illness or that otherwise fail to comply with Code requirements, and to take appropriate preventive and corrective actions. A dialogue with the person in charge during the inspection process will also reveal whether or not that person is enabled by a clear understanding of the Code and its public health principles to follow sound food safety practices and to produce foods that are safe, wholesome, unadulterated, and accurately represented.

Recommended Solution: The Conference recommends...:

1. Acknowledgement of the 2014-2016 Demonstration of Knowledge (DoK) Committee Report and attachments, and
2. Acknowledgement of the committee members for their participation on the conference calls, surveys and work completed.
