Title:

Report - Certification of Food Safety Regulation Professionals (CFSRP)

Issue you would like the Conference to consider:

The 2014-2016 CFSRP Workgroup seeks Council's acknowledgement of its final report.

Public Health Significance:

A national model that addresses training and the professional development of regulatory retail food safety professionals is essential to enhancing the effectiveness of the nation's retail food protection system. The Voluntary National Retail Food Regulatory Program Standards, Standard 2 training and standardization model should be viewed as a working document that will need to be updated and revised to meet the ever-changing retail food safety environment. The Conference for Food Protection provides the mechanism to:

1. Maintain and update this national training model;
2. Explore additional training and/or assessment needs for regulatory retail food programs; and
3. Build consensus among all retail food safety stakeholders.

Recommended Solution: The Conference recommends...:

1. Acknowledgment of the 2014-2016 Certification of Food Safety Regulation Professionals (CFSRP) final report, and
2. Extending thanks to all the 2014-2016 CFSRP members for their work and dedication and to those organizations/agencies that they represent for supporting the Conference for Food Protection process.
