3 MR. JOHN LUKER: Good morning, everyone.
4 Welcome to the 2016 assembly of delegates.
5 I'd like to call to order the general
6 assembly of the 2016 Conference for Food
7 Protection biennial meeting.
8 By way of introductions, I want to
9 introduce who is on the stage here with me.
10 We've got Janet Williams, parliamentarian
11 for today's meeting; Terry Levee, vice chair, CFP,
12 who also will be presenting the report for the
13 resolutions committee; Dr. David McSwane,
14 executive director of CFP; Christopher Gordon,
15 Chair of Council I; Susan Quam, Chair of Council
16 II; Todd Rossow, Chair of Council III; Eric
17 Pippert, treasurer of the conference; and Kimberly
18 Destromp, assistant parliamentarian. The court
19 reporter is on the end.
20 First I wanted to offer a few words of
21 appreciation. This obviously is not your typical
22 conference as many people think of conferences.
23 We are here to learn and network, but
24 it's also a working conferences. Council members
25 would like to thank the state delegates for making

1 an effort to be here. All the council members and
2 their leadership worked diligently over the last
3 four days in debating issues and arriving at
4 consensus-based recommendations for the assembly,
5 and they should be commended.
6 Much of the work, by necessity, is
7 established between the conference meetings and
8 performed by committees and their leadership. By
9 a show of hands, who here today has participated
10 on committee work in the past two years.
11 (Applause.)
12 MR. LUKER: That's great because active
13 involvement is what makes this organization work
14 and be successful. I encourage everyone in the
15 room to be actively engaged in the process. The
16 process is only successful because of the
17 committed individuals who are here. You can't be
18 a spectator and make this conference work.
19 Everybody is aware of that.
20 Conference is a lot of work to put
21 together every two years, and there is a lot of
22 work that happens behind the scenes. It's a lot
23 more than just every two years. It only happens
24 with dedicated individuals. The conference has a
25 great executive staff, with Dr. David McSwane as

Page 5

1 our executive director. Aggie Hale is our
 2 executive assistant, and Eric Pippert is our
 3 executive treasurer. They put in a tremendous
 4 amount of time in organizing, preparing, and
 5 working with the local arrangements committee and
 6 hotel staff to make sure that everything ran
 7 smoothly this week.
 8 I'd also like to publicly show an
 9 appreciation for their assistance over the past
 10 two years that I served as chair of the
 11 conference. None of us would be here without
 12 them. They're part-time employees, but the amount
 13 of hours they put in is unbelievable.
 14 (Applause.)
 15 MR. LUKER: I think everyone would
 16 appreciate the great location for the conference.
 17 The accommodations have been great. The food and
 18 hospitality have been superb. The local
 19 arrangements committee has been a big part of that
 20 the whole time. I know later on we'll publicly
 21 recognize them, but as you leave today, please
 22 make an effort to thank all of those volunteers
 23 who participated in the local arrangements
 24 committee to make the conference an outstanding
 25 event.

1 So at this time, I'd like to turn the
 2 podium over to our executive director,
 3 Dr. McSwane, to conduct the roll call for the
 4 assembly delegates.
 5 DR. DAVID McSWANE: Thank you, John.
 6 And good morning. I'd like to begin with
 7 a roll call of the states and the territories that
 8 are here today. As I read the name of your state,
 9 I'd like for each of you to respond by indicating
 10 the share of the vote that you have. Each state
 11 will be allowed one vote. The District of
 12 Columbia and its territory is allowed one half of
 13 a vote. If a state has more than one agency
 14 represented, then they are going to divide that
 15 vote proportionately.
 16 Alabama, Phyllis Fenn?
 17 MS. FENN: Present, one full vote.
 18 DR. McSWANE: Alaska, Kimberly Stryker?
 19 MS. STRYKER: Present, one full vote.

 8 MS. CARLTON: Kim Carlton present,
 9 one-half vote.
 10 DR. McSWANE: Sorry, Kim. We had that.
 11 Mississippi, who will be representing
 12 both the State Department of Health and the State
 13 Department of Agricultural and Commerce, is
 14 Elizabeth "Queen" Swayze.
 15 MS. SWAYZE: Present, full vote.
 16 DR. McSWANE: Missouri, Ellen Dettman?
 17 MS. DETTMAN: Present, one full vote.
 18 DR. McSWANE: Montana, Christine Cox?
 19 MS. COX: Present, one full vote.
 20 DR. McSWANE: Nebraska, Melva Ball?
 21 MS. BALL: Present, one-half vote.
 22 DR. McSWANE: Also from Nebraska
 23 representing the Department of Health and Human
 24 Services is Mandy Kearney.
 25 MS. KEARNEY: Present, one-half vote.

 15 DR. McSWANE: Also from Wisconsin,
 16 Department of Health Services, James Kaplanek?
 17 MR. KAPLANEK: Present, one-half vote.
 18 DR. McSWANE: Wyoming is Dawn Helms?
 19 MS. HELMS: Present, one full vote.
 20 DR. McSWANE: Also from the territory of
 21 Guam, Marilou Scroggs?
 22 MS. SCROGGS: Present, one-half vote.
 23 DR. McSWANE: And from the Northern
 24 Mariana Islands, John Tagabuel?
 25 (No audible response.)

1 DR. McSWANE: Is there anyone whose name
 2 I did not call?
 3 Madam Parliamentarian, there should be 64
 4 delegates. Actually, I think, according to my
 5 records now, 58. Probably 58. And they will be
 6 representing the 44 states, as well as the District
 7 of Columbia and one territory. While they
 8 continue to calculate what constitutes a majority
 9 and two-thirds majority, I will represent the rest
 10 of my report.

11 Caucus elections to fill positions on the
 12 executive board for the next biennium were held on
 13 Tuesday -- on Monday afternoon, and the following
 14 members were elected to the board.

15 Filling state regulatory positions, we
 16 had three. In the Midwest region is Rebecca
 17 Krzyzanowski from Michigan, who will fill a term
 18 expiring in 2022.

19 In the southeast region, we have Ann
 20 Johnson, who also will begin a term that expires
 21 in 2022.

22 In the southwest region, we have Steve
 23 Moris, who is actually completing a term that was
 24 -- that is currently held by Dean Finkeninder. So
 25 Steve will actually be holding this position

1 for two years. That was the amount of the term
 2 left in Dean's term. And then in 2018, he will be
 3 eligible to be elected to a six-year term on the
 4 board.

5 Local regulatory, we had two positions
 6 filled from the mid-Atlantic region. David
 7 Lawrence from the Fairfax County Health Department
 8 was elected. And from the Northeast Region
 9 Jessica Fletcher was reelected to a second
 10 six-year term on the executive board.

11 For industry, we had two open seats.
 12 Larry Eils was reelected to represent vending and
 13 distribution. His term now will expire in 2022.
 14 And Angela Sanchez with CKE Restaurants was
 15 approved as an at-large representative of
 16 industry. And her term will also expire in 2022.

17 For consumers, David Plunkett was
 18 reelected to start a second term that will expire
 19 in 2022.

20 In addition to the board positions, the
 21 board also affirmed the appointment of the
 22 following members to be council vice chairs for
 23 the 2016-2018 biennium. In Council I was Donald
 24 Todd Mers from the Ohio Department of Agriculture.
 25 Council II, Sharon Woods from H-E-B

1 Grocery Company.
 2 And for Council III, Keith Jackson from
 3 Performance Food Group.
 4 I'd also like to remind you that the 2018
 5 conference will be held from April 16th through
 6 the 20th, 2018, at the Richmond Marriott in
 7 Richmond, Virginia. The meeting schedule has
 8 changed for 2018. The preconference workshop and
 9 opening session will be held on Monday for the
 10 that meeting. Council sessions will start on
 11 Tuesday. And the assembly of state delegates will
 12 meet on Friday.

13 We're getting away from the sort of
 14 Friday-to-Wednesday schedule, and we're going more
 15 for a Monday-through-Friday schedule. This was a
 16 result of the survey that was conducted by the
 17 University of Houston, and many of you responded.
 18 And one of the suggestions that was made was that we
 19 thought that the schedule would work better for
 20 people if it were through the week rather than
 21 over the weekend.

22 So, again, though there will probably be
 23 committee meetings and board meetings on Sunday,
 24 the actual conference with the workshop and the
 25 opening session will be Monday. Councils will

1 meet on Tuesday, Wednesday, and until noon on
 2 Thursday. And then this particular session and
 3 closing will occur on Friday. And we'll be
 4 finished by approximately noon on those days.

5 MR. LUKER: All right. Do we have
 6 numbers? We're working on that?

7 MS. JANET WILLIAMS: We're slow this
 8 morning.

9 DR. McSWANE: Okay. Let me go ahead and
 10 remind you of the protocol for our meeting.

11 A quorum must always be present. A
 12 quorum is defined as the presence of registered
 13 voting delegates from at least two-thirds of the
 14 states with designated official delegates in
 15 attendance at this particular meeting.

16 Each territory, as we said, and the
 17 District of Columbia, shall count as one-half vote
 18 in what constitutes a quorum. A two-thirds
 19 majority is required to change a procedure adopted
 20 at a previous conference or to make changes in the
 21 constitution and bylaws. Other actions require a
 22 simple majority unless specifically covered by
 23 some facet of Robert's Rules of Order.

24 Voting choices are as follows: You can
 25 vote yes; you can vote no, or you can abstain. A

1 council recommendation cannot be changed, however.
 2 Votes are cast by, typically, a show of hands or a
 3 voice vote. Roll call votes will only be taken if
 4 requested by a delegate.
 5 And Mr. Chair, thank you.
 6 MR. LUKER: Thank you, Dr. McSwane.
 7 At this time I'd like to recognize our
 8 executive treasurer, Eric Pippert.
 9 MR. ERIC PIPPERT: Good morning,
 10 everyone. I hope you all share my sentiment that
 11 working and relaxing in Boise, if you were able to
 12 relax at all, was an absolute delight. I have
 13 truly enjoyed myself thoroughly. Boise is a
 14 wonderful city.
 15 Conference attendance, registrations at
 16 this biennial meeting were 477. Our workshop on
 17 the subject of Trends and Innovation in Food
 18 Protection is 272 individuals.
 19 And there are a few groups that provide
 20 support that is truly instrumental in making the
 21 conference and the biennial meeting work. Through
 22 a small conference grant in the amount of \$50,000
 23 from the Food and Drug Administration, we were
 24 able to provide travel subsidies to 54 state and
 25 local regulatory persons, and also consumer

1 representatives.
 2 54 -- the lucky number, I guess --
 3 national and local sponsors provided \$160,000 in
 4 financing for the operation of the Conference For
 5 Food Protection as well as the biennial meeting.
 6 Of course, it's already been mentioned,
 7 but the local arrangements committee works
 8 tirelessly before and during the meeting to make
 9 sure that everything goes smoothly.
 10 Finances are sound. Our 2015 ending
 11 balance -- I need glasses for that. Excuse me --
 12 Was \$131,204. And our projected 2016 ending
 13 balance is \$286,268.
 14 I can tell you that the executive board
 15 is very diligent in making sure that CFP finances
 16 are spent wisely and efficiently.
 17 Financial information, reports, budgets,
 18 and so forth are available on the CFP website at
 19 www.foodprotection.org.
 20 With that, I thank you and wish you safe
 21 travels home.
 22 (Applause.)
 23 MR. LUKER: Thank you, Eric.
 24 Okay. Just a few housekeeping items to
 25 talk about at this time before we begin the actual

1 voting process. Everyone in the audience,
 2 delegates, please make sure your phones are turned
 3 off, or at least put on vibrate. We do ask that
 4 all delegates remain during the voting process.
 5 Delegates, when you speak, please go to the
 6 microphone, state your name and affiliation. If
 7 there is a voting delegate that wishes to recognize
 8 another speaker from the audience, the speaker
 9 from the audience must first let the voting
 10 delegate yield the floor and be recognized by
 11 the chair. They must also state their name and
 12 their affiliation before speaking.
 13 Traditionally, in order to keep the
 14 proceedings moving forward in a timely fashion, we
 15 like to limit the amount of debate on extracted
 16 issues.
 17 I would like to limit the time dedicated
 18 to discussing issues and would therefore entertain
 19 a motion to do so.
 20 MR. MANDERNACH: Mr. Chair, Steve
 21 Mandernach with the Iowa Department of Inspections
 22 and Appeals.
 23 I would like to make a motion that we
 24 limit debate on each extracted issue to ten
 25 minutes with no more than two minutes per speaker.

1 MR. LUKER: Thank you. We have a motion
 2 to limit the debate to ten minutes and two minutes
 3 per speaker. Is there a second?
 4 MS. LeMASTER: Lori LeMaster, Tennessee
 5 Department of Health.
 6 I second that motion.
 7 MR. LUKER: Thank you. Any further
 8 discussion on this motion?
 9 All in favor, please say "yes."
 10 (Collective yes.)
 11 MR. LUKER: Any opposed please say "no."
 12 (No audible response.)
 13 MR. LUKER: Motion carries.
 14 We'll limit the debate to ten minutes per
 15 issue and two minutes per speaker.
 16 At this time I'd like to turn over the
 17 podium to our lead parliamentarian, Janet
 18 Williams.
 19 MS. JANET WILLIAMS: Good morning,
 20 everyone. How are you all doing? Great to be
 21 here. Last day. We're going to have fun.
 22 My name is Janet Williams. I am with the
 23 Food and Drug Administration, and I'm working with
 24 the CFP this year as one of the lead
 25 parliamentarians. And I would be remiss for not

1 recognizing our other parliamentarians who did a
2 fantastic job. We have Kimberly Destromp, Michael
3 Antee, and Belinda Clifton. I think they deserve
4 a round of applause.

5 (Applause.)

6 MS. WILLIAMS: I just need to report
7 that, Mr. Chair, we do have a quorum of the
8 delegates present. We have a total of 43.5
9 possible votes that can be had. That means that a
10 majority would be represented by 22 votes, and
11 two-thirds would be represented by 29 votes.

12 Any questions on that? Okay. Great.

13 We had our meeting yesterday to talk
14 about the voting. So each council chair will
15 present the council's recommendation one by one.
16 Each report will have two parts to their report,
17 except for Council II, which would have three
18 parts, which would include the Constitution and
19 Bylaws and recommendations.

20 Part I of the report, as we talked about,
21 will contain all of the affirmative votes, those
22 recommendations that were passed in committee that
23 were either accepted as submitted or accepted as
24 amended. The Part II of those votes would be
25 those votes that were recommendations from the

1 council that were for no action.

2 And we will vote on the affirmative
3 issues as a block, and then if there are any
4 issues -- I take that back.

5 We will ask for any extracted issues from
6 the Part I reports. Anything that we need to talk
7 about in a little more depth will be pulled out.
8 And then the chair will conduct the remaining
9 issues as a block and will handle the extracted
10 issues one-by-one as we move forward.

11 I just need to remind everyone about the
12 voting process. On affirmative issues, a vote of
13 "yes" means that you agree with the council's
14 recommendations. A vote of "no" means you do not
15 agree with the council's recommendations. And
16 then a vote of "no" means the issue dies.

17 So when you vote as a block, when you
18 vote "yes," you're agreeing to all of the
19 recommendations from the council, or all of the
20 issues except those that were extracted. That's
21 why it's important if you have an issue, that you
22 disagree with the council's recommendation. We
23 pull that out so we don't undo the work of the
24 entire work of the council.

25 Is everybody okay with that?

1 On the Part II report, those committee
2 recommendations that require action, a vote of
3 "yes," you can still extract issues from there,
4 just like we did in Part I.

5 So the chair will ask for any issues to
6 be extracted. We'll hold those to the side. Then
7 we'll take a vote on those issues as a block as we
8 did with Part I.

9 A vote of "yes" means that you agree with
10 the council's recommendation of no action. A vote
11 of "no" means that you disagree with the council's
12 recommendation of no action and those issues that
13 were extracted. A "no" vote means that those
14 would go to the executive board for further
15 deliberation. And there is processes and
16 procedures in the executive bylaws that talk about
17 what that further deliberation process includes.

18 Do you have any questions on that? So we
19 will take each council one-by-one and we'll do
20 that same process for each council.

21 Do we have any questions about anything?
22 Remember when you come up to speak, you must
23 identify yourself, who you are, and your
24 affiliation. Be loud, be proud, be strong. Even
25 if you're a little tired, perk it up a little bit

1 and get there. We have a court reporter who is
2 recording, and she needs to have that information
3 for the record.

4 And I will turn this over to the council
5 chair. At this point, I'd like to bring Council I
6 chair, Mr. Chris Gordon, to the podium.

7 MR. CHRISTOPHER GORDON: Thank you,
8 Mr. Chairman.

9 Good morning. I'd like to start off by
10 saying it has absolutely been an honor and
11 privilege to serve as chair for Council I at this
12 meeting. I have absolutely enjoyed the experience
13 and I could not have done it without the
14 dedication and hard work of my vice chair,
15 Ms. Brenda Bacon, who is sitting in for Mr. Rick
16 Barney at the last minute.

17 I appreciate all of her hard work and
18 especially the work of the 20 council members as
19 well for their deliberation and discussion as part
20 of Council I. I would be remiss if I didn't
21 recognize the parliamentarian, our scribes, and
22 honor our councilmen as well.

23 We were tasked with deliberating a total
24 of 47 issues. Two of our issues, I-016 and I-027,
25 were moved to Council III. And one issue, II-025,

1 was received from Council II.
 2 There were a total of two committees that
 3 were created and assigned to Council I. The
 4 importance of committee work cannot be
 5 understated, as I think you've heard through the
 6 conference. And I hope you'll work with the new
 7 incoming council chair, Mr. Rick Barney, to get
 8 the work done of these two committees.
 9 The Unattended Food Establishment
 10 Committee was reconstituted for the next biennium
 11 with three new work charges and a new committee.
 12 The Clean-in-Place committee was created and
 13 charged with completing four action items.
 14 As I mentioned previously, committee work
 15 is very critical not only to the council, but also
 16 CFP. I absolutely hope you consider working on
 17 those committees and then coming back to my
 18 hometown, Richmond, Virginia, in 2018 for the
 19 conference.
 20 The first part of my report is as
 21 follows: In summary, there were 12 issues
 22 accepted as submitted, and 15 issues accepted as
 23 amended, with a total of 27 affirmative issues
 24 that came out of Council I. Those are listed in
 25 your Council I submissions.

1 MR. LUKER: Okay. Motion carries.
 2 MR. CHRISTOPHER GORDON: Thank you,
 3 Mr. Chair.
 4 For Part II of my report, there were 20
 5 issues of which the council recommended no action.
 6 And that concludes my report.
 7 MR. LUKER: Thank you, Chris.
 8 Is there anyone at this time that would
 9 like to have any issues extracted from Part II of
 10 Council I's report? Please come to the
 11 microphone.
 12 Seeing none, I'll entertain a motion to
 13 accept Part II of Council I's report.
 14 MR. MATHIS: Ric Mathis for the Florida
 15 Department of Health.
 16 I move we accept the report Part II of
 17 Council I.
 18 MR. LUKER: Is there a second?
 19 MS. CRAIG: Sandra Craig, South Carolina
 20 Department of Health and Environmental Control. I
 21 move to second.
 22 MR. LUKER: Is there any further
 23 discussion?
 24 Seeing none, all in favor of accepting
 25 Part II of Council I's report, please say "yes."

1 MR. LUKER: Thank you, Chris.
 2 At this time, I'd like to ask anyone who
 3 would like to extract any issues from Part I of
 4 Council I's report to come forward.
 5 Seeing none, I would entertain a motion
 6 to accept Part I of Council I's report.
 7 MS. LeMASTER: Lori LeMaster, Tennessee
 8 Department of Health.
 9 I move to accept Part I of Council I's
 10 report.
 11 MR. LUKER: Is there a second for the
 12 motion?
 13 MR. MANDERNACH: Steve Mandernach, Iowa
 14 Department of Inspections and Appeals. I second
 15 the motion.
 16 MR. LUKER: Motion and a second. Is
 17 there any discussion?
 18 All in favor of accepting Part I of
 19 Council I's report say "aye."
 20 (Collective aye.)
 21 MR. LUKER: Any opposed say "no."
 22 (No audible response.)
 23 MR. LUKER: Is there anyone that's
 24 abstaining?
 25 (No audible response.)

1 (Collective yes.)
 2 MR. LUKER: Anyone opposed, please say
 3 "no."
 4 (No audible response.)
 5 MR. LUKER: Is there anyone abstaining
 6 from the vote?
 7 (No audible response.)
 8 MR. LUKER: Motion carries.
 9 At this time I'd like to invite Susan
 10 Quam, chair of Council II, up to the podium.
 11 MS. SUSAN QUAM: Thank you, Mr. Chair.
 12 Delegates, friends, colleagues, everyone
 13 in the room, it certainly has been an honor to
 14 serve as Council II chair for the past two years.
 15 And I'd like to extend my sincere thanks to
 16 Council II chair David Lawrence for being a great
 17 vice chair for our council, and also to our
 18 stellar parliamentarian, scribe, and runners who
 19 helped us deliberate for the last few days. Each
 20 and every one of them did an excellent job in
 21 making the deliberation of Council II a positive
 22 and very successful experience.
 23 In Council II we have a total of 29
 24 issues including three issues relating to CFP
 25 bylaws. These issues relating to the bylaws are

1 number II-026, II-027, and II-029. At the
 2 beginning of deliberations, we also sent issue
 3 II-025 to Council I. The issues -- excuse me.
 4 We also deliberated late-breaking issues
 5 II-029, relating to a change in CFP bylaws.
 6 Part I of my report indicates the
 7 affirmative issues, both those approved as
 8 submitted and approved as amended. We had 22
 9 non-bylaw issues that were accepted as submitted
 10 or accepted as amended. This includes two
 11 committees that were recreated, which are the
 12 Employee Training Committee and the Demonstration
 13 of Knowledge Committee.

14 MR. LUKER: Thank you, Susan.
 15 At this point I'd like to ask anyone that
 16 would like to extract an issue of Part I of
 17 Council II's report step up the microphone.
 18 MR. MANDERNACH: Steve Mandernach, Iowa
 19 Department of Inspections and Appeals.
 20 I would like to extract issue II-011.
 21 MR. LUKER: II-011. Is there anyone else
 22 that would like to step up and have any issues
 23 extracted from Part I of Council II's report?
 24 So we're going to move forward with the
 25 vote on the balance of Council II's Part I report,

1 minus issue II-011. All in favor -- I need a
 2 motion, actually, for that.
 3 MS. LeMASTER: Lori LeMaster, Tennessee
 4 Department of Health. I move to accept Council
 5 II's Part I issues.
 6 MR. LUKER: That's minus bylaws.
 7 MS. LeMASTER: Minus issue II-011.
 8 MR. LUKER: Is there a second?
 9 MR. MANDERNACH: Mr. Chair, Steve
 10 Mandernach, Iowa Department of Inspections and
 11 Appeals.
 12 I second that motion.
 13 MR. LUKER: The motion is seconded.
 14 So do you want to vote on accepting the
 15 Part II of -- excuse me, Part I of Council II's
 16 report, minus issue II-011 and minus the bylaws.
 17 Any discussion?
 18 All in favor say "aye."
 19 (Collective aye.)
 20 MR. LUKER: Any opposed say "no."
 21 (No audible response.)
 22 MR. LUKER: Is anybody abstaining?
 23 (No audible response.)
 24 MR. LUKER: Okay. Motion carries.
 25 So now I'd like to entertain a motion

1 to -- on the extracted issue, II-011.
 2 MS. LeMASTER: Sorry to dominate. Lori
 3 LeMaster, Tennessee Department of Health.
 4 I move to accept issue II-011 for
 5 discussion.
 6 MR. LUKER: Is there a second?
 7 MR. SPARKS: Christopher Sparks, Texas
 8 Department of Health Services.
 9 I second the motion.
 10 MR. LUKER: Any discussion on issue
 11 II-011?
 12 MR. MERS: Mr. Chair, my name is Todd
 13 Mers with the Ohio Department of Agriculture.
 14 I would like to recognize Tim Weigner,
 15 Glenda Lewis, both of the FDA, and Rance Baker, of
 16 the National Environmental Health Association.
 17 MR. LUKER: State your name and your
 18 affiliation.
 19 MR. TIMOTHY WEIGNER: Timothy Weigner,
 20 United States Food and Drug Administration, Office
 21 of Regulatory Affairs, Office of Partnerships.
 22 And I will have some other folks coming up.
 23 MS. GLENDA LEWIS: I'm Glenda Lewis with
 24 the FDA Center for Food Safety and Applied
 25 Nutrition.

1 MR. WEIGNER: In 2011, the FDA initiated a
 2 recall safety initiative as part of the
 3 preventative food safety strategy to reduce the
 4 foodborne illnesses.
 5 The FDA continues to partner with retail
 6 food industry, state, local and tribal authorities
 7 and other government agencies through this
 8 initiative. As part of this initiative, there
 9 were four planned action steps. One specifically
 10 was create and enhance local regulatory
 11 environments for retail food operations, and under
 12 this were several key steps.
 13 FDA promoted a wide range of
 14 implementation of five state, local, and tribal
 15 regulatory programs of the FDA voluntary national
 16 retail program standards.
 17 FDA also seeks to increase multiyear
 18 funding for states 4 and 5 as part of the
 19 integrated food safety programs. And lastly to
 20 develop programs which ensure universal
 21 participation by all regulatory partners and
 22 consistent high quality training.
 23 MS. LEWIS: FDA believes that a
 24 transparent and formal process includes all
 25 stakeholders and is effective in improving the

1 safety of food that is held, prepared, and served
 2 at retail.
 3 FDA supports the CFP process for
 4 engagement because it affords the main quorum for
 5 the agency and department with all stakeholders to
 6 achieve food safety at retail. CFP has provided
 7 this forum since 1998 for the retail program
 8 standards. FDA --
 9 MR. WEIGNER: FDA and ORA and CFSAN A
 10 collaboratively together.
 11 MS. LEWIS: I understand.
 12 -- fully supports the retail program
 13 standards. Our commitment to them is evident in
 14 several ways. Participation on CFP program
 15 standards committee and other related committees
 16 engaged in program standards related work --
 17 MR. LUKER: Our time is up.
 18 MS. LEWIS: -- participation during the
 19 CFP process through multi-cooperative agreements
 20 with enrolled jurisdictions administered by
 21 partnerships. Funding opportunities for enrolled
 22 state, local, tribal and territorial jurisdictions
 23 are offered for retail association agreements.
 24 And supporting local jurisdictions through the
 25 mentor/mentee program under a cooperative

1 agreement currently with nature.
 2 Lastly, technical assistance are provided
 3 directly to enrolled jurisdictions by our retail
 4 food specialist.
 5 MR. RANCE BAKER: I'm Rance Baker with
 6 the National Environmental Health Association. We
 7 would like to take this opportunity to
 8 congratulate the Conference on Food Protection on
 9 a successful conference. What's done here keeps
 10 people from illness or death caused by the food
 11 they expect, and have a right to expect, is safe.
 12 Thank you.
 13 NEHA would also like to express thanks
 14 for the excellent work that has been done over the
 15 years through the committees and conferences on
 16 both food safety and the retail program standards.
 17 The uniqueness of the environment with local,
 18 state, federal and industry consumers and academia
 19 working collaboratively on both the standards and
 20 the important food safety issues assures we're
 21 creating documents and guidance that are drafted,
 22 influenced, challenged, and redrafted until we
 23 have superior work that can only be created in
 24 this type of environment.
 25 NEHA is fully supportive of the work that

1 has been done, and we look forward to the CFP
 2 continuing this work in food retail program
 3 standards. Thank you.
 4 MR. MANDERNACH: Mr. Chair, Steve
 5 Mandernach, Iowa Department of Inspections and
 6 Appeals.
 7 I extracted this issue -- first I want to
 8 thank the committee, the program standards
 9 committee for the hard work and all those that
 10 have been working hard on this issue for several
 11 years. It's taken about four years to get to this
 12 issue coming forward.
 13 But I see some concerns with the way it
 14 is currently worded. As we often say, you see one
 15 regulatory program in the food world, you've seen
 16 one regulatory program. So the standards have to
 17 be written in a broad, not particularly scripted
 18 manner.
 19 Our challenge with program standards is
 20 we have one set of opportunities to work on
 21 improving those standards, and this is one of the
 22 last pieces of that puzzle. Otherwise they're
 23 adopted.
 24 Food Code is a little different. I can
 25 make global alterations to the Food Code to make

1 it work for my program. I can't do that with the
 2 program standards, which is why I extracted this
 3 issue.
 4 My particular concern resides in Part III
 5 of the Items of Quality Elements list. In
 6 particular, the second sentence reads "Inform the
 7 supervisor when the establishment is not in a
 8 proper risk category or when required frequency is
 9 not met."
 10 I don't know what that requires.
 11 Immediately upon adoption of these standards, I'd
 12 be sending a letter to the clearinghouse asking
 13 for additional information. I don't know about a
 14 lot of you, but that's not something I really
 15 need. I have an electronic inspection system. I
 16 have that information available. I can search for
 17 it.
 18 But the way this is written, in my
 19 previous audit experience, I would expect that I
 20 would have to show notes or something that come
 21 affirmative before that. Maybe that's not what
 22 the clearinghouse will say, but if I have a
 23 question immediately, that means there might be
 24 questions on this section of the standard.
 25 Further, there was not, from what I can

1 find in the 2012 forum, doesn't appear that it
2 came out of that work. The broader item was, but
3 not a little more specific.

4 The last thing I would like to notice is
5 currently -- I would also have a question as to
6 whether double indemnity would apply against this
7 standard and Standard 8 if you don't have adequate
8 resources.

9 With those two issues forward, I think
10 there is no harm in having the program standards
11 committee continue working with their general
12 charge in the bylaws. They could continue
13 working.

14 The current shares indicated that would
15 be their intention. I think that would be a fair
16 process rather than putting this in the standards
17 and having six years before we really get back to
18 it.

19 MR. MORIS: Steve Moris, Kansas
20 Department of Agriculture. Because I also wanted
21 to actually speak of Part III. We spend -- either
22 state or local programs, they spend countless
23 hours training each and every inspector. We
24 actually trust them to just, like, to actually
25 perform inspections. And they have to give

1 happened. So we asserted the language dealing
2 with the notification to the supervisor.

3 Obviously there are many ways to verify
4 that, whether it's email, maybe you have an
5 electronic system that does it automatically.
6 There are many ways to do that.

7 The second piece that I'd like to point
8 out in thinking about the process, there have been
9 five formal points in the last six years where no
10 one has availed themselves of the opportunity to
11 provide a feedback. The pilot project in 2011,
12 the feedback and recommendations were vetted by
13 the worker. Those recommendations were then
14 vetted by the council in 2012. Those
15 recommendations are then taken to the FDA where we
16 look at them. They were, again, vetted by the
17 Department of Standards Committee between 2014 and
18 2016. And then they were vetted again at this
19 council where they received, I think, fair amount
20 of support.

21 So thank you for your comment. I think
22 there has been a substantial opportunity to
23 provide feedback on this prior to today.

24 MR. PATRICK GUZZLE: Patrick Guzzle,
25 Idaho Division of Public Health.

1 education each and every day. If we cannot trust
2 them to actually determine the actual risk and the
3 inspection frequency, it is not -- I do not feel
4 they would have to actually give a notice to a
5 supervisor anytime one of those changes happen.

6 We spend, like I said, countless -- these
7 are well trained, educated people. They are able
8 to actually make all the choices on their own.
9 Thank you very much.

10 MR. MERS: Todd Mers, Ohio Department of
11 Agriculture. I'd like to recognize Steven Hughes
12 of the FDA.

13 MR. STEVEN HUGHES: Steven Hughes, Food
14 and Drug Administration Food Safety and Applied
15 Nutrition. Thank you for the opportunity to talk.

16 Two points to make. First, thank you,
17 Steven, for the point about the performance
18 element. Currently Standard 4, that performance
19 element, requires the food safety inspection
20 office to verify the risk category and
21 establishment.

22 One of our concerns as we reexamined the
23 certification of food safety professionals, work
24 that was asked of us to do, was that there was no
25 objective measure to verify that that had

1 I'd like to remind all of my fellow
2 delegates about three things regarding the program
3 standards that we're discussing in this room right
4 now.

5 Number 1, unlike the manufacturer
6 standards, the voluntary standards are exactly
7 that. They're voluntary. They serve as a
8 guideline.

9 Number 2, as Steven Hughes just
10 indicated, this process has been vetted several
11 times through the committee as well as through the
12 council process.

13 Number 3, I believe I'm confident in
14 speaking for the members of the clearinghouse -- I
15 am a member of the clearinghouse. If there is an
16 issue that needs to be clarified through the
17 clearinghouse, we would welcome that submission to
18 discuss it for further deliberation. Thank you.

19 MR. CHRISTOPHER SPARKS: Christopher
20 Sparks, Texas Department of State Health Services.

21 We feel that this particular standard, as
22 written, adds value to the program and support it
23 going forward. Being descriptive about one
24 portion of what's written, I don't believe, should
25 hold back what has been developed here.

1 And as they say, it has been vetted
2 through so many different avenues, and holding
3 back this progress through something that is not
4 prescriptive as to how it can be done, it may take
5 away from the value of the entire document. Thank
6 you.

7 MR. LUKER: Okay. Seeing no further
8 discussion, we have a motion on the table to
9 accept the extracted issue, Part I of Council II's
10 report.

11 MR. GUZZLE: Idaho point of
12 clarification, Mr. Chair, if we vote "yes," what
13 exactly are we saying yes to?

14 MS. WILLIAMS: If you vote "yes," you are
15 accepting the council's recommendation as it was
16 submitted.

17 MR. GUZZLE: Thank you, Madam
18 Parliamentarian.

19 MR. LUKER: Any further discussion?

20 All in favor of accepting the extracted
21 issue as part of the council's recommendation for
22 Part I, Council II, please say "yes."

23 (Collective yes.)

24 MR. LUKER: All opposed please say "no."

25 (Collective no.)

1 MR. LUKER: Any abstaining?

2 (No audible response.)

3 MR. LUKER: With a show of hands, all
4 those in favor of yes raise your hand.

5 MS. WILLIAMS: Raise them high because I
6 can't see them. I'm blind.

7 MR. LUKER: The motion carries. The
8 issue will be placed back into Council II, Part I
9 reported.

10 Part II.

11 MS. QUAM: Part II of Council II's report
12 has three issues, which are II-005, II-022, and
13 II-028, which were deliberated by council with no
14 action.

15 MR. LUKER: Are there any issues in Part
16 II of Council II's report that anyone wishes to
17 have extracted? Please step up to the microphone.

18 Seeing none, I need a motion to accept
19 Part II of Council II's report.

20 MR. SPARKS: Christopher Sparks, Texas
21 Department of State Health Services.

22 I make a motion to accept Part II of
23 Council II's report.

24 MR. LUKER: Thank you. Is there a
25 second?

1 MR. GUZZLE: Patrick Guzzle, Idaho
2 Division of Public Health.
3 Second.

4 MR. LUKER: Is there any discussion on
5 Part II of Council II's report?

6 Seeing none, all in favor of accepting
7 Part II of Council II's report say "aye."

8 (Collective aye.)

9 MR. LUKER: Any opposed, say "no."
10 (No audible response.)

11 MR. LUKER: Any abstaining?

12 (No audible response.)

13 MR. LUKER: Motion carries.

14 Part III.

15 MS. SUSAN QUAM: Part III of my report
16 deals with the constitution and bylaws, issues
17 II-026, II-027, and II-029. A total of three
18 issues were accepted by Council II as changes to
19 the CFP bylaws.

20 MR. LUKER: Is there anyone interested in
21 extracting issues from Part III of Council II of
22 the report?

23 Seeing none, motion to accept Part III of
24 Council II's report.

25 MR. RIC MATHIS: Mr. Chair, Ric Mathis,

1 Florida Department of Health.

2 I move the acceptance of Part III of
3 Council II's report.

4 MR. LUKER: Is there a second?

5 MR. GUZZLE: Patrick Guzzle, Idaho
6 Division of Public Health.

7 Second.

8 MR. LUKER: Any discussion?

9 All in favor of accepting Part III of
10 Council II's report say "aye."

11 (Collective aye.)

12 MR. LUKER: Any opposed, say "no."
13 (No audible response.)

14 MR. LUKER: Are there any abstaining?

15 (No audible response.)

16 MR. LUKER: Motion carries.

17 At this time, I'd like to introduce the
18 chair of Council III, Todd Rossow.

19 MR. TODD ROSSOW: Thank you.

20 Good morning, everyone. Thank you for
21 the opportunity to serve the CFP and the -- and to
22 act as the chair for Council III for the past two
23 years. I'd like to recognize and thank many of
24 those who have helped over the last couple of
25 years.

1 First, my vice-chair, Davene
2 Sarrocco-Smith. She's done a fantastic job of
3 helping out and has actually provided a little bit
4 of humor during the process. So I thank you for
5 that.

6 To my council members, you did a great
7 job preparing for the involvement in a very
8 passionate discussion over the last three days. I
9 appreciate all their efforts, and also appreciate
10 the dedicated work of the Council III scribe,
11 parliamentarian, and our runners. They did a
12 great job.

13 At the start of Council III, we had 41
14 issues. During the deliberations, our council
15 received two issues from Council I, Issue I-016
16 and Issue I-027, making a total of 43 issues.

17 For the first part of my -- of this
18 report, Council III has recommended the acceptance
19 of 24 issues. 12 as submitted, 12 as amended, as
20 received in a packet with the acceptance of
21 issues. Our council has recommended the formation
22 of three committees, which are III-026, chemical
23 treatment of water used to wash or crisp raw
24 fruits and vegetables; III-034, reducing the need
25 for HASLIP plans under III-502.12; and III-037,

1 creation of a mail order food safety committee.
2 This is the end of my first part.
3 MR. LUKER: Thank you very much.
4 At this time I would like to know if
5 anyone would like to extract any issues on Part I
6 of Council III's report.

7 MR. TIM ANDERSON: Tim Anderson,
8 Wisconsin Department of Agriculture. I'd like to
9 extract Council III issue 038.

10 MR. LUKER: We have extracted Council
11 III, Part I, issue 038.

12 Any other extractions for Council III,
13 Part I?

14 I will entertain a motion to accept Part I of Council
15 III's report minus the extracted issue 038 --

16 MS. SANDRA CRAIG: Sandra Craig, South
17 Carolina Department of Health and Environmental
18 Control.

19 I'd like to make a motion that we accept
20 Part I without the extraction.

21 MR. RICK AKIN: Rick Akin, Florida
22 Department of Business Professional Regulation.
23 I second.

MR. LUKER: We have a motion and second

1 to accept Part I of Council III's report minus
2 issue 038.

3 Any discussion?
4 All in favor, say "aye."
5 (Collective aye.)

6 MR. LUKER: Any opposed, say "no."
7 (No audible response.)

8 MR. LUKER: Any abstaining?
9 (No audible response.)

10 MR. LUKER: Motion carries.

11 Now, is there a motion to accept the
12 extracted issue from Part I of Council III's
13 report, 038.

14 MS. LeMASTER: Lori LeMaster, Tennessee
15 Department of Health.

16 I move to accept issue III-038 for
17 discussion.

18 MR. LUKER: Is there a second?

19 MS. KRISTA CLICK: Krista Click, Indiana
20 State Department of Health.

21 I'd like to second that motion.

22 MR. LUKER: Okay. We have a motion and
23 second to accept Issue 038 of Council III's Part I
24 report.

25 Any discussions, please come to the

1 microphone.

2 MR. JAMES KAPLANEK: James Kaplanek,
3 Wisconsin Department of Health Services.

4 I wanted to yield my time to Peter Hayes
5 from the Wisconsin Department of Agriculture and
6 to Rodney Blanchard from the state of Michigan.

7 MR. PETER HAYES: Mr. Chairman, I am
8 standing before the delegates this morning to
9 express my disagreement with the council's
10 recommendation for issue III-038.

11 I do not agree with the recommendation as
12 this does not give the regulatory agencies the
13 ability to verify the strength of the premix
14 bottle that may have been diluted. Not all of the
15 bottles at this time come with an unopenable
16 enclosure, so it is possible for the main bottle
17 of this premix sanitizing solution to be opened
18 and have initial liquids added to it. These
19 bottles are also used to fill spray bottles, which
20 will be diluted as well.

21 And part of your work is to verify that
22 sanitizing solutions are of a strength that's --
23 that will sanitize any surface that it is applied
24 to.

25 MR. LUKER: Sir, could you identify

1 yourself for the record.
 2 MR. HAYES: I'm sorry. Peter Hayes,
 3 Wisconsin Department of Agriculture. Thank you.
 4 MR. RODNEY BLANCHARD: Rodney Blanchard,
 5 Michigan Department of Agriculture, proudly
 6 serving the people of Michigan.
 7 I received the following email two weeks
 8 ago from one of our local health departments. A
 9 company has created a new food service surface
 10 sanitizer that is labeled effective against
 11 norovirus. It says it is formulated for food
 12 contact surfaces. The active ingredient is
 13 Ethenol, 29.4 percent. It is EPA registered. The
 14 product is not yet on the market. They are
 15 testing it in food establishments prior to
 16 distribution in the fall.
 17 The product is premixed, however, they
 18 will have a larger container to refill the spray
 19 bottles.
 20 It is a clear product, looks like water,
 21 and the manufacturer has confirmed that no test
 22 strips are currently available to check the
 23 concentration of Ethenol.
 24 My question to you delegates is if test
 25 strips are not required for premix sanitizers, or

1 in this case not even available for a new product,
 2 how are we, as regulators, going to know that the
 3 product the food establishment is using is the
 4 original premixed product and has not been
 5 altered, diluted, or replaced either intentionally
 6 or unintentionally? How will the person in
 7 charge, who will be a certified food manager going
 8 forward, be able to meet the requirements of the
 9 person in charge that are in subparts 2102 and
 10 2103? And, finally, how will the industry, mainly
 11 the small business owners, be able to confirm they
 12 are receiving the product they are paying for?
 13 Thank you.
 14 MR. LUKER: Thank you.
 15 Any further discussion?
 16 We have a motion on the table and a
 17 second to accept issue 038 from Part I of Council
 18 III's report.
 19 All in favor of --
 20 MS. LeMASTER: Point of order -- Lori
 21 LeMaster, Tennessee Department of Health.
 22 A vote of "yes" is in favor of the
 23 council's recommendation, correct?
 24 MS. WILLIAMS: Correct.
 25 MR. LUKER: Thank you.

1 All those in favor of the acceptance of
 2 issue 038 into Council III's Part I report please
 3 say "yes."
 4 (Collective yes.)
 5 MR. LUKER: All those opposed say "no."
 6 (Collective no.)
 7 MR. LUKER: Any abstaining?
 8 (No audible response.)
 9 MR. LUKER: Motion does not carry.
 10 Part II of Council III's report, please.
 11 MR. ROSSOW: For the second part of our
 12 report for Council III, council has recommended
 13 taking no action on 19 issues in the report.
 14 That concludes my report.
 15 MR. LUKER: At this point in time is
 16 there anybody who is looking to extract an issue
 17 from Part II of Council III's report? Please step
 18 up to the microphone.
 19 Seeing none, I'll extend a motion to
 20 accept Part II of Council III's report.
 21 MR. MATHIS: Ric Mathis, Florida
 22 Department of Health. Motion to accept Part II of
 23 Council III's report.
 24 MR. LUKER: Is there a second?
 25 MR. GUZZLE: Patrick Guzzle, Idaho

1 Division of Public Health.
 2 Second.
 3 MR. LUKER: Any discussion on Part II of
 4 Council III's report?
 5 Seeing none, all in favor of accepting
 6 Part II of Council III's report, please say "aye."
 7 (Collective aye.)
 8 MR. LUKER: Any opposed, say "no."
 9 (No audible response.)
 10 MR. LUKER: Anyone abstaining?
 11 (No audible response.)
 12 MR. LUKER: Motion carries.
 13 At this point in time, I'd like to
 14 recognize Mr. Terry Levee, who will be reporting
 15 on behalf of Michael Roberson, Chair of the
 16 Resolutions Committee for this year's biennial
 17 conference.
 18 MR. TERRY LEVEE: First off, I would like
 19 to thank everybody for being here this morning and
 20 staying through the end of the conference. It's
 21 always nice to know that you're the last person
 22 speaking and it's only you that stands in the way
 23 of everybody going to the airport.
 24 But unfortunately, Mr. Roberson has left
 25 me with six pages of things to read, so it may not

1 be quite as quick as you would like it. But as I
2 said, I certainly would like to thank you for
3 staying to the end.

4 As I read through the resolutions -- and
5 I'll try to read them to stay on script -- if you
6 are receiving a resolution, Aggie Hale, which is
7 over to my right at the end, will be handing out
8 those resolutions.

9 First off, I would like to recognize the
10 resolution committee which consisted of Michael
11 Roberson, chair; Liza Frias; Susan Vaughn
12 Grooters; Lori LeMaster; and Gina
13 Nicholson-Kramer.

14 First off, we would like to thank you for
15 your participation. This is really not as easy of
16 a task as it may seem. What you need to do is
17 think about all the things that go into making a
18 CFP possible and figuring out how to thank them
19 for all the work they've done. It really is not
20 an easy task.

21 The first proposed resolution that the
22 resolution committee would like to make would be
23 to the local arrangements committee. The local
24 arrangements committee consisted of Jodi Callister
25 with WinCo Foods, Patrick Guzzle with the Idaho

1 Department of Health and Welfare, Troy Darmody
2 with Albertsons, Steve Lacy with Fred Meyer, Pam
3 Eaten with the Idaho Retailers Association, and
4 Lisa Edens with the Boise Convention Center.

5 If you're here, could you please stand
6 and be recognized. And Jodi, would you please go
7 and get the acceptance for the resolution.

8 (Applause.)

9 MR. LUKER: They're still working
10 apparently. They never quit working. That's
11 good.

12 MR. LEVEE: Thank you. The local
13 arrangements committee, I think we can all agree,
14 they have done a wonderful job. And this has to
15 be one of the prettiest places that I can say I
16 have personally ever been to. We certainly want
17 to make sure on our way out that we thank them.

18 And to the group from Richmond where we
19 will be in two years, you have a hard, hard bar to
20 beat. Challenge is on.

21 Next I would like to recognize Judy
22 Burns, the event manager for the Boise Centre.
23 She's been fantastic to work with. She's done an
24 excellent job of planning and implementing
25 everything that we've asked. We would certainly

1 like to recognize her for her support, the
2 reactions that she's done so quickly, and
3 everything that goes with it.

4 With that I'd like to give Judy Burns,
5 the event manager, a round of applause.
6 (Applause.)

7 MR. LEVEE: Is the staff from The Grove
8 here? Okay.

9 Next I would like to recognize Karen Pena
10 from Conference Direct. Conference Direct is the
11 agency that we work with to have everything
12 planned, have your registration planned, to help
13 us pick the site, the location, the hotels, and so
14 forth. Karen has done in this for the last three
15 biennials. She's done a great job. She has also
16 managed the overall cost to keep things going,
17 keep things running, and certainly helping the
18 executive board and executive staff put on the
19 CFP.

20 We would certainly like to recognize
21 Karen Pena, conference director.
22 (Applause.)

23 MR. LEVEE: Although numerous times we
24 have recognized the 52 sponsors for the CFP
25 biennial, we would like to recognize them one more

1 time. They were given recognition at the industry
2 conference yesterday, however, if you're here, we
3 would like you to please stand up again because we
4 had another banner year with donations. Donations
5 are what make CFP go round, so I'd certainly like
6 to recognize them one last time.

7 Those titanium sponsors that we had, Ahold USA,
8 Albertsons, Chemstar, Darden Restaurants, Ecolab,
9 Food Marketing Institute and SafeMark, Fred Meyer,
10 National Registry of Food Safety Professionals,
11 the National Restaurant Association, NSF
12 International, Publix Supermarkets, Sealed
13 Air/Diversey Care, Walmart, WinCo Foods, and Yum
14 Brands. Those are our titanium sponsors. Thank
15 you for everything that you've done.

16 (Applause.)

17 MR. LEVEE: Next level will be our gold
18 sponsors. Again as I read, please stand and be
19 recognized.

20 Aramark, the Association of Food and Drug
21 Officials, Boar's Head, CKE Restaurants, the
22 Compass Group, Delhaize America, Giant Eagle,
23 Harris Teeter, HEB, IAFP, Jetro/Restaurant Depot
24 Restaurant, Meijer, NAMA, Procter & Gamble,
25 Rollins/Orkin, Sodexo, and Wegmans Food Market. Again,

1 thank you for your gold sponsorship. We really
 2 appreciate it.
 3 (Applause.)
 4 MR. LEVEE: Next we would like to
 5 recognize our silver sponsors. Better Seafood
 6 Board, Bloomin' Brands, the Florida Restaurant and
 7 Lodging Association, Kroger, Paster Training,
 8 Remco Products Incorporated, Savour Food Safety
 9 International, Sensitech, SmartWash Solutions,
 10 Steritech, Underwriters Laboratory, Wakefern Food
 11 Corporation, and Wawa. Thank you for your silver
 12 sponsorship.

13 (Applause.)
 14 MR. LEVEE: And last but certainly by no
 15 means least, our bronze sponsors. Above Training
 16 Incorporated, Chobani, International Packaged Ice
 17 Association, ParTech Incorporated, ReposiTrak/Park
 18 City Group, Southeastern Grocers, and the
 19 Cheesecake Factory. Thank you.

20 (Applause.)
 21 MR. LEVEE: I also would like to
 22 recognize at this time all the hard work and effort
 23 that the sponsorship committee did put
 24 forth. It's generally a two-year cycle to be asking
 25 to raise money, so certainly we appreciate

1 everything that they've done to continue the
 2 success of CFP.
 3 Our next resolution is dedicated to
 4 memorializing those individuals that devoted their
 5 entire career to food safety and public health.
 6 First we would like to recognize Stephanie Mohn,
 7 who lost her life to breast cancer in 2015. Early
 8 in her career she worked for the Marion County
 9 Health Department in Indianapolis. Later she went
 10 to work for Marsh Supermarkets where she provided
 11 food safety training for the managers and their
 12 associates. She also was a member of the local
 13 arrangements committee for the 2012 biennial
 14 meeting in Indianapolis.

15 So we would like to recognize her and
 16 take a moment of silence for her. Thank you.
 17 (Moment of silence observed.)

18 MR. LEVEE: Dave, do you have the
 19 complete resolution for the next one? Do you want
 20 me to go on? Okay.
 21 Our next resolution is for an individual
 22 that we all know and we all love and we certainly
 23 all respect. Kevin Smith has been active in the
 24 Conference for Food Protection for many years.
 25 He's provided great direction and great guidance

1 as FDA's representative to the executive board for
 2 the last eight years. Kevin has kept the board on
 3 task. He's efficiently and effectively managed our
 4 work, and he's also worked with the other
 5 counterparts from the FDA and the other agencies
 6 to keep us on task and make sure we were doing the
 7 right thing for CFP and the food code. He has
 8 strategic -- he has very strategic thinking and vision,
 9 and he certainly has been an asset to the strategic
 10 planning committee and everything that we've
 11 asked him to do.

12 Kevin, I hope you're in the room. If you
 13 are, please stand and be recognized.
 14 (Applause.)

15 MR. LUKER: Finally, the next two
 16 individuals that I would like to recognize are
 17 completing their second successive six-year term on
 18 the executive board. For many of you who don't
 19 think 12 years is a long time, being on the executive
 20 board for 12 years is a long, grueling process.
 21 These two individuals have done an outstanding
 22 job of supporting the issues, and
 23 giving great and timely discussion when we need
 24 it.

25 First off, I would like to recognize

1 Lorna Girard and Cassandra Mitchell for their
 2 dedication and service. And we'd like to have
 3 them stand and be recognized.
 4 (Applause.)

5 MR. LEVEE: Next I would like to offer a
 6 resolution to recognize our two issue chairs,
 7 Vicki Everly and Cassandra Mitchell. For those of
 8 you who don't know them or don't know about the
 9 issues chair, it is one of the most
 10 underappreciated roles in the conference. They
 11 have a very short window to get all the issues put
 12 together, reviewed, assigned to council, and then
 13 help the councils decide how to continue to
 14 deliberate. They play a very significant role in
 15 how that is done. And in more ways than one, each
 16 year it tends to get more complicated.

17 So we would certainly like to thank them
 18 both -- and please recognize them by standing --
 19 for all their hard work for these past two years.
 20 (Applause.)

21 MR. LEVEE: Now, the next resolution I am
 22 going to read in full, so please bear with me. I
 23 do apologize if I mispronounce any names.
 24 However, let me get my notes here.
 25 This resolution is for those public

1 health officials who were injured or lost their
 2 lives during the incident on December 2nd, 2015.
 3 So I'd like to, if you don't mind, read the
 4 resolution in its entirety.
 5 Resolution of special recognition.
 6 Whereas food safety professionals are part of
 7 greater community of public health, we share a
 8 common responsibility for protecting the
 9 well-being and safety of those who served. And
 10 whereas when disaster strikes, those in our
 11 profession are affected by pain, suffering, and
 12 loss, we're obligated to pay homage to our
 13 colleagues who are no longer with us. Whereas the
 14 Conference of Food Protection wishes to recognize
 15 the food safety professionals who lost their lives
 16 in 2015 following a senseless act of terrorism in
 17 San Bernardino, California, including the
 18 following: Michael Raymond Wetzal, a 37-year-old
 19 father of six who supervised a team of health
 20 inspectors with the San Bernardino County Division
 21 of Environmental Health Services.
 22 Nicolas Thalasinis, a 52-year-old
 23 long-time inspector with the County of San
 24 Bernardino Division of Health Services.
 25 Damian Meins, a 58-year-old father of two

1 who recently came out of retirement in September
 2 of 2015 to work for the County of San Bernardino,
 3 Division of Environmental Services.
 4 Sierra Clayborn, a 27-year-old inspector
 5 with the County of San Bernardino, Division of
 6 Environmental Services.
 7 Harry Bowman, a 46-year-old father of two
 8 daughters who was a statistical analyst for the
 9 County of San Bernardino, Division of
 10 Environmental Services.
 11 Robert Adams, a 40-year-old husband and
 12 father to his 20-month-old baby, who was a
 13 specialist with the County of San Bernardino,
 14 Division of Health Services.
 15 Tin Nguyen, a 31-year-old food safety
 16 inspector with the County of San Bernardino,
 17 Division of Health Services.
 18 Juan Espinoza, a 50-year-old husband,
 19 father, and inspector with the County of San
 20 Bernardino, Division of Environmental Services.
 21 Whereas these individuals were committed
 22 to ensuring public health in our community through
 23 their food safety activities, but those whose
 24 lives were unexpectedly lost, but not forgotten;
 25 therefore be it resolved that the Conference of

1 Food Protection offers a moment of silence and our
 2 deepest sympathies these for their families,
 3 friends, and coworkers, this day, April 20th,
 4 2016, as a convergens resolution of appreciation.
 5 And be it further resolved that a copy of this
 6 resolution will be sent to the Health Officer and
 7 Director of the San Bernardino County Department
 8 of Public Health and published in the proceedings
 9 at the 2016 Conference for Food Protection.
 10 Please join me in a moment of silence.
 11 (Moment of silence observed.)
 12 MR. LEVEE: Thank you. Dave, is our
 13 staff or Trudy here?
 14 Next I would like to propose a resolution
 15 to thank Dr. Jay Neal, who served as the program
 16 chair for the 2016 biennial meeting. Dr. Neal and
 17 the other members of the program committee
 18 provided an excellent cadre of speakers. Those of
 19 us who attended will remember it was a very, very
 20 well-planned and though-out workshop.
 21 Dr. Neal if you're here, please stand and
 22 be recognized.
 23 (Applause.)
 24 MR. LEVEE: We're getting close, guys.
 25 Next we would like to recognize the staff

1 the Grove Hotel. They've been very helpful with
 2 the planning and coordinating of the activities
 3 held at the hotel.
 4 We would like to thank Kathy Scofield,
 5 Bridget Delgadi, Holly Williams, Holly Flores,
 6 Michael Eichenberger, Steve Parker, and Jeff
 7 Chris. I think they're walking in now.
 8 (Applause.)
 9 MR. LUKER: We would like to thank you
 10 for all your hard work, dedication, and everything
 11 you've done to make this one of the best
 12 conferences that we've ever had.
 13 You have a beautiful city, you have a
 14 beautiful facility. And what I'd like to do is
 15 read your names one more time so that each of you
 16 can at least step forward a little bit.
 17 I'm going to go with Chef Chris is the
 18 one in the chef shirt.
 19 (Applause.)
 20 MR. LEVEE: Kathy.
 21 (Applause.)
 22 MR. LEVEE: Bridget.
 23 (Applause.)
 24 MR. LEVEE: Holly.
 25 (Applause.)

1 MR. LEVEE: Second Holly.
 2 (Applause.)
 3 MR. LEVEE: Michael.
 4 (Applause.)
 5 MR. LEVEE: And Steve.
 6 (Applause.)
 7 MR. LUKER: And the gentleman that I must
 8 have missed whose name wasn't on my resolution.
 9 Again, thank you so much. We have had a
 10 wonderful time here in Boise, and you have done an
 11 outstanding job.
 12 (Applause.)
 13 MR. LEVEE: Now I'd like to defer the
 14 podium to John.
 15 MR. LUKER: Thank you, Terry.
 16 Continuing on with our resolutions, our
 17 next resolution is to recognize our conference
 18 vice chair, Terry Levee with Giant Eagle
 19 Supermarkets.
 20 In addition to assisting the chair with
 21 managing board meetings, a key role is to work
 22 with the leadership of our councils, council
 23 committees, and standing committees. Terry has
 24 done an outstanding job in all of these areas, also
 25 helped lead the search for a new executive

1 treasurer, performed admirably in all of these
 2 duties.
 3 Terry, thank you for your leadership and
 4 support in the conference. Please stand so we can
 5 thank you and recognize you and thank you for your
 6 support.
 7 (Applause.)
 8 MR. LUKER: Now I'll turn the podium over
 9 to Terry one more time.
 10 MR. LEVEE: You see where this is going,
 11 right?
 12 First off, I would like to thank you for
 13 allowing me to be your conference vice chair for
 14 the last two years. It truly has been a wonderful
 15 experience. I feel blessed to have served each
 16 and every one of you. I hope I did it admirably.
 17 I hope I did it with class. I hope I did it with
 18 passion. And again, I would sort of like to thank
 19 you for that opportunity that you gave me.
 20 I would also like to thank the people who
 21 gave me six wonderful years of doing this. It
 22 does tend to become long and tedious, but thank
 23 you for that.
 24 Over the last two years, one thing I can
 25 safely say that I've learned is John Luker is a

1 wonderful person. He's a wonderful man. He's a
 2 great strategist, a great thinker, and above all,
 3 a great leader.
 4 For those of you who don't know what it
 5 takes to be the conference chair, it's a lot of
 6 long hours and a lot of work before you go to work
 7 to do your job and a lot of work after you come
 8 home from your job. There were many nights, three
 9 to four nights a week, that John and I and
 10 Dr. McSwane and the rest of the board would be on
 11 emails at 10, 11, 12:00 at night, 4, 5, 6:00 in
 12 the morning. It is a thankless job, and John has
 13 provided us leadership and a lot of wisdom.
 14 And I would like to recognize him in
 15 front of each and every one of us and thank him
 16 for the wonderful job he's done.
 17 (Applause.)
 18 MR. LEVEE: With that I'm done with my
 19 part, I believe, so I'm going to turn it back over
 20 to John.
 21 MR. LUKER: Thank you very much,
 22 everyone.
 23 It has been a fantastic experience, and I
 24 don't know what I would have done without the help
 25 of Terry and the rest of the executive team, and

1 the executive board for that matter.
 2 At this point I would like to entertain a
 3 motion to accept the resolutions as presented by
 4 Terry.
 5 MS. LeMASTER: Lori LeMaster, Tennessee
 6 Department of Health.
 7 I move to accept the resolutions.
 8 MR. MATHIS: Ric Mathis, Florida
 9 Department of Health.
 10 I second the motion.
 11 MR. LUKER: Is there any discussion on
 12 that?
 13 Seeing none, all in favor, say "aye."
 14 (Collective aye.)
 15 MR. LUKER: Any opposed say, "no."
 16 (No audible response.)
 17 MR. LUKER: Anybody abstaining?
 18 (No audible response.)
 19 MR. LUKER: Okay. Thank you. The motion
 20 passes.
 21 Now, it's customary for the assembly to
 22 offer a motion to allow the executive board to
 23 make editorial changes to the issues that were
 24 submitted or to the transcript or any other issues
 25 that might need to be changed editorially, but not

1 substantively.
 2 At this time, we'd entertain a motion to
 3 that effect.
 4 MR. GUZZLE: Patrick Guzzle, Idaho
 5 Division of Public Health.
 6 I make the motion to allow the board to
 7 make nonsubstantive, editorial changes to the
 8 minutes of the proceedings.
 9 MR. LUKER: And a second.
 10 MS. CLICK: Krista Click, Indiana State
 11 Department of Health.
 12 I'd like to second.
 13 MR. LUKER: Motion and a second.
 14 All those in favor of allowing the board
 15 to make editorial changes, please say "aye."
 16 (Collective aye.)
 17 MR. LUKER: Any opposed, please say "no."
 18 (No audible response.)
 19 MR. LUKER: Anyone abstaining?
 20 (No audible response.)
 21 MR. LUKER: Motion passes.
 22 At this point in time, it's my pleasure
 23 to introduce to you your new next conference chair
 24 and vice chair.
 25 I will say that the experience has been

1 delightful and enlightening. It's been rewarding
 2 from a professional standpoint, and it's
 3 unbelievable how much you learn about what goes on
 4 behind the scenes, as we've talked about.
 5 I'd like to introduce Patrick Guzzle as
 6 the new conference chair and Ken Rosen as the new
 7 conference vice chair.
 8 Patrick, please stand up.
 9 (Applause.)
 10
 11 MR. LUKER: Real quickly I wanted to
 12 remind you that there will be committee sign-up
 13 emails to go out. Pay attention to your emails
 14 and your notifications from the conference.
 15 That's how these things will occur. And we
 16 encourage everyone to apply for the committees.
 17 If you're applying for chair of the committee,
 18 please let that be known as well. At.
 19 At this point, unless we have any other
 20 business to discuss, I will entertain a motion to
 21 adjourn the 2016 Conference for Food Protection.
 22 MS. CRAIG: Sandra Craig, South Carolina
 23 Department of Health and Environmental Control.
 24 I make a motion that we adjourn the
 25 Conference for Food Protection.

1 MR. MERS: Todd Mers, Ohio Department of
 2 Agriculture.
 3 I second that.
 4 MR. LUKER: Thank you.
 5 Any discussion on that?
 6 (No audible response.)
 7 MR. LUKER: Seeing none, all those in
 8 favor say "yes."
 9 (Collective yes.)
 10 MR. LUKER: Any opposed, say "no."
 11 (One no voiced.)
 12 MR. LUKER: You may stay.
 13 Motion passes.
 14 Safe travels home, everyone.
 15 (Whereupon the proceeding concluded at 9:59 a.m.)
