Dear David and Friends at Conference for Food Protection,

On behalf of We Don't Waste and the people we serve, I want to thank you for your recent donation of \$500.00! Your valuable support helps We Don't Waste fight hunger and food waste all across the Denver Metro area. We are so honored to have been chosen as a nonprofit partner for this year's Conference.

After a very challenging year in which the need for food assistance was at an all-time high – and in which We Don't Waste distributed nearly 24 million servings of food – we continue to keep up the hard work of meeting our community's growing need. Because of you, we are able to distribute food from more than 160 food donors to nearly 100 nonprofit partner agencies (and many more through partner distributions) throughout the year. Because of you, we are able to continue to keep our trucks on the road to recover and redistribute more food. Because of you, we are able to operate 7-8 drive-through Mobile Food Markets per month to serve thousands of families struggling with food insecurity. **Thanks to your generosity, more families can receive the vital nutrition they need to weather these difficult times.**

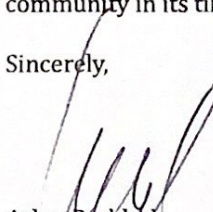

If 2020 taught us anything, it's that we all have to work together to lift our community out of hardship. We are so grateful to work alongside other nonprofit organizations and community agencies to answer the call for hunger relief – agencies such as Thrive Food Bank, who recently sent this note to We Don't Waste:

*"When Thrive Food Bank partners with We Don't Waste, we are able to provide more and more families with good quality food. Through our partnership we offer hope to individuals and families who struggle to put food on the table."*

Thank you again for your kindness and generosity. Your support impacts our work, our community, and our environment every single day. We truly appreciate you and look forward to better serving our community in its time of need, thanks to you!

Sincerely,

  
Arlan Preblud  
Executive Director
