CFP PSC Subcommittee #5 Clarification Call

10 am (Central time)

Attendees: Robert Sudler and Carrie Pohjola

June 21, 2019

Carrie met with Robert on the CH questions on 6/21/19. They are being discussed with the Clearinghouse and there was some follow up discussion on the questions submitted.

Question 1: Clarification on what we were discussing. Who is the individual that is conducting the exercises and what qualifications are required.

Question 2: there is no requirement to do the "deep dive" into individual field exercises and the requirement to check source documentation. This is being further reviewed by the CH.
