Progress Report/Committee Activities:

See individual committee reports under separate cover.

Requested Actions for all Council II Committees:

The CFSRP, FMTTC and the Utensil Barrier Committee have submitted new rosters to reflect changes to membership. At this time, there are no other considerations requested from the committees under Council II.

I have not received a report nor a statement that there is no report from the NVEAIS as of this date. I will forward that information as soon as I receive it.
